Continuous Quality Improvement Committee

The Department's Quality Assurance Committee now meets monthly in conjunction with Pretrial and Court Services, who also holds monthly SRS Trainings. This quarter, the department's internal performance metric and audit system shows the following results in regards to contact standard compliance. Case management review, while improved, still is reporting metrics below the agency target of 85%-90% compliance with standards. Time studies show that current contact and therapeutic standards are attainable and within reasonable expectations. Case Managers

are being counseled by the Director in time and case management skills to improve compliance and reduce the impact on client's success, in addition to being trained to more effectively use interventions. Staff are being encouraged to understand stakeholders' expectations to the quality of supervision provided by the agency and the impact failing to meet contact standards has on the community and public safety.

On August 10, 2022 the agency held a mock IDOC Audit to identify issues that need improvement or where policy needs updated before the actual audit that is scheduled for Spring of 2023. Proposed policy changes will be submitted to Board for approval in January of 2023.

Info/Action **New Therapeutic Programming: ACCI Corrections and Carey Guides TODs** *Hartoin*

This past quarter, with the assistance of Court Services, the agency was able to expand the therapeutic offerings available to clients. Using funds received via the IOCS JPAR SIM Grant, the agency was able to obtain enhanced use of CareyBits electronic tools, Tools on Devices, that will assist case managers in providing more evidence-based therapeutic interventions during their appointments with the goal of decreasing violations. "Tools on Devices (TOD) is an interactive system that allows staff to assign fillable versions of the Carey Guide tools, BITS, and Driver Workbook to their clients. Clients receive email and/or text message notifications of the tools assignments and complete and submit them from their smartphones, tablets, or personal computers."

In preparation for our new virtual classroom, using funds awarded by the IOCS JPAR SIM Grant, the agency, along with Juvenile Probation and Court & Pretrial Services began using the ACCI Corrections eCourses CBT LifeSkills Curriculum & LifeSkills Learning Platform. ACCI is a validated, EBP & CBT program that includes over 15 interactive courses, averages 10-15 hours long, including Substance Abuse, DUI, Domestic Violence and Cognitive Awareness. "Lifeskills Link is a system of collaboration and accountability. It provides intelligent insights into each students experience which informs targeted intervention and cognitive-behavioral skill development. The curriculum is built on our evidence-based model of cognitive behavior therapy together with our unique self-directed learning approach which has proven to help students and clients overcome self-defeating thoughts and behaviors." Chief Juvenile Probation Officer Will Scott and Court Services Director Hillary Hartoin are overseeing this project under our Local JRAC Council and also provided a training to our agency case managers in October.

Russel vs. State

As a reminder, Community Corrections entered into an MOU with the Cass County Sheriff to allow for the release of jail commitments to Community Corrections under I.C. 11-12-5-2 that states that the Sheriff may "establish a program whereby persons who have been committed to the county jail upon conviction of a crime or adjudication of contempt may be temporarily released from custody to work, attend an academic or vocational training institution or program, or obtain medical, psychiatric, or psychological treatment, including treatment for drug

addiction or alcoholism.” Said MOUs was approved for by email vote on August 19, 2022. This MOU allows for normal sentencing procedures to continue for jail commitments until legislation fixes the issues brought to light with Russell v State and also eliminates the need for sentences that include Home Detention as a term of probation. As a reminder, Russell vs. State does not affect DOC commitments and any Level 6 Felony filed after July 1, 2022 can be sentenced as DOC commitment, qualifying as a direct commitment to Community Corrections. If you need further information, an example plea agreement or other assistance regarding Russel vs. State please contact Hillary Hartoin, Court Services Director.

SEA 9

Director Wegner will provide the Board with a brief update on the changes in policy and progress and/or challenges in regards to SEA 9 that went into effect on July 1, 2022. To review, the primary changes in the new policy pertain to compliance with the established timelines to respond to electronic monitoring violations, victim notifications and welfare checks, in addition to enhanced supervision and records management policies. As a reminder, SEA 9 applies to both Community Corrections and Pretrial Services. IOCS & the State Justice Reinvestment Advisory Council is currently working on reporting requirements and instructions for agencies and contractors required to report under the new provision.
