Info/Action **COVID-19 Policies** *Wegner*
Vote Required

In response to having five residents test positive for the COVID-19 virus in the past two weeks, we have worked to reduce the Work Release Population by transferring residents to electronic monitoring home detention and are requesting that we return to limiting the work release program to 15-20 residents at a time. We continue to work closely with the Health Department and clients who have tested negative are allowed to continue employment, although participation in outside meetings and passes have been temporarily suspended.

Discussion is requested to review vaccination policies for both residents and staff.

Other Business

If anyone wishes to bring up a topic that is not on the agenda please feel free to do so.
